15,000 Acres Corn Prospect For The Spring Planting

New Found Glades Crop Will Take Beating Until Leveling Off

Because of the unbelievable returns from sweet corn in the Glades during the just passed years, everyone with a plow and an acre of land seems to be planning to get in an acre or two, according to present day conversation.

This "acre or two" put out by the farmer is a fog-cutter and expands to ten or twenty and finally to 50 to 200 acres when harvest time comes.

Consequently the spring crop must be estimated on what will be harvested, or ready for harvest, and not what's planted. Ear worm, wire worm, bud worm, blackbirds, too much rain or too little rain, lack of proper fertilizer, and a number of other things may happen to reduce or eliminate the harvest.

"It looks like a season for quality corn, and most likely quality corn will still bring a satisfactory price," says Prof. Speer, Assistant County Agent. "I do believe, however," he continued, "that corn as a stabilized crop in the Glades is here to stay, and those who specialize and overcome the hazards will find in it a dependable crop in a diversified farm operation."

Thursday night the County Agent and the Experiment Station combined in leading a discussion of sweet corn with 55 potential corn growers in attendance.

Fertilizer, seed treatment, strains and the other hazards of the project were discussed.

"An important question for sweet corn growers is that of pre-packaging, as practiced on the west coast," says Prof. Speer. "When the going gets rough and competition keen maybe the housewife will respond to the offering of gleaming fresh corn wrapped in cellophane so that she can see what she is buying. I believe this question should have serious consideration from the grower."

Plan To Simplify Tax Collections Aim Of Retailers

Means of simplifying recordkeeping and monthly reporting by merchants of state sales tax collections will be discussed next Wednesday in Tallahassee by the Florida State Retailers Association and State Comptroller, Clarence M. Gay.

Association members, representing all classifications of retail business, will confer with Comptroller Gay at his office, with time allotted for consideration of both the problem of record-keeping and reporting and a review of other major questions which the sales tax has created. The confab is scheduled to begin at 1 p.m.

"F.S.R.A. believes that highly desirable simplification of monthly sales and use tax reports and inter-store record-keeping is now possible," says Dallas L. Hostetler, executive

TEXTILES FROM GLADES RAMIE BEING DISPLAYED

Gerties dress shop is displaying for the benefit of the local community, toweling, table cloth and dress yard goods made from ramie grown by Newport Industries at Canal Point.

The Swiss firm Fischer Bros. has made ramie textiles over the past century securing most of their raw materials from the Orient.

Several years ago they visited the Newport plant and purchased several hundred tons of "China Grass," the undegummed but decorticated fiber. Since that time textile mills of France, Italy, Germany and Belgium have entered the buying field for Glades produced ramie fiber.

The current crop and next year's anticipated crop both of China grass and degummed fiber is already under contract. Other airport (Belle) will be glad to buy any ramie product, at least home-grown, which holds so much it is hoped for the community.

LABOR USE DECREASES IN GLADES FARM WORK

Belle Glade seasonal agricultural employment showed a substantial decrease in December as compared to the average number of workers during the same period last year, the Florida State Employment Service reported today.

The average number of workers totaled 9,500 last December as compared to the 5,500 average for December, 1949. This decrease is in line with the trend around the rest of the state, as the average dropped from 67,900 to 64,400 for the in-season of December 1949.

The majority of agricultural labor is being used in the replanting of the bean crop which was caused by adverse weather conditions in this area which includes Hendry, Glades, and the western half of Palm Beach counties.

More agricultural labor is being used in the Winter Haven area with 9,100, than in any other vicinity in the state. Belle Glade ranks second; however, and Orlando is third with 6,900.

Workers are classified into two categories, those employed in agricultural work, that is, harvesting vegetables and citrus fruits, and crop cultivation, and workers participating in food processing activities.

Cities To Receive Cigarette Money During The Week

A check with the office of Guy D. Bender, Wednesday, revealed that a check for $5,101.10 was received by the city last Friday.

This disbursement is within the bracket of the amounts received by much larger communities including: Lake Worth $6866.45; Sanford $5,862.12; St. Augustine $6,543.30; Winter Haven $5,370.82; Leesburg $4,782.18; Ft. Myers $5,814.83; Perrine $4,573.82.

Pahokee received a check for $3,788.57 as their share of the tax monies.

According to information from the tax division office, the municipalities receive five cents per package on all cigarettes sold within their boundaries. The state collects the tax on sales made outside the city limits.

Checks for the first distribution of the cigarette tax to Florida cities and towns may be written and distributed this week, according to information from the office of Comptroller C. M. Gay, at Tallahassee.

Last week and the office was making final corrections on the beverage department's report, and expected to start payments within a few days.

Under the new law enacted at the last session of the legislature, cities and towns will receive the proceeds of the 5-cent per package collected by the state within their borders. The taxes collected on county sales will be spent to build tuberculosis hospitals.

The recipients must reduce their ad valorem taxes on real estate by at least half the amount they receive under this smoker's tax, according to the Comptroller's office.

Boles Canal Road May Get Share Of State Road Funds

County Commision Vice-Chairman Paul Rardin reported to the County board in it's regular meeting Monday that he intended to press for the construction on the Boles Canal road.

Rardin's announcement came after the commission had been officially notified that some projects included in the proposed building program could not be carried out because highways in question had not been designated as state routes.

The Canal Point Commissioner stated that the Canal road has already been included in the state road set-up and that there should be no further obstacles to hold up work on the artery. According to his report approximately two miles of the road had been improved four years ago, but hurricanes which have occurred since damaged that section.

Livestock Show Is Set For April 4-5 With Added Items

All Southeast Florida Showing Is Objective Of Efforts

Prof. H. L. Speer, Assistant County Agent, on whom the "ramrodding" of the show falls, has begun his efforts with other County Agents and cattlemen's associations in an attempt to secure participation in the Livestock Exposition representing all of southeast Florida.

Mr. Mayo's building at the Station, one of six in the State, was designed as a show place for southeast Florida cattle and was placed here as a central point.

Widespread interest was manifest at the first show last year and more communities and organizations express intention of entering exhibits.

The F.F.A., 4-H Clubs and others are preparing to attend and exhibit calves, steers, beef and dairy animals.

Implement and other suppliers to the several industries of south Florida's beef and dairy products production, are joining.

The County Commission is polling citizens in a request to the State Road Department to complete the paving of the parking area in front of the pavilion; pens made from old running mats will be built by show time and additional facilities will be provided.

Prof. Speer expects to have more definite information within in a short time of detailed lists of entries.

West Palm Beach Shrine Circus Set For February 3-4

A variety of animal acts which will include a herd of elephants and a sextet of untamed lions, will be one of the features of the annual Abu Shrine Club Thrill Show to be held in West Palm Beach, Feb. 3-4.

Roy Burg and A. Foster Strader, co-chairmen for the event, said Monday that one of the features of the three-ring circus and thrill show to be held at Wright Field will be the trained elephants—more than a dozen of the mammoth beasts are scheduled for the show—which will be put through their paces by Trainer Arky Scott and his aide, Miss Pat Scott, who are recognized as two of the circus world's most outstanding animal trainers. Also scheduled to appear in a trained elephant act is Miss Tony Martin, another headliner among animal trainers.

The circus, the chairmen said, will also include a trained horse act under the direction of Capt. John Smith and the appearance of several untamed lions, an animal act headed by Capt. Dick Clemens.

In addition the circus which is being staged as a benefit for the Shrine Club's welfare activities fund, will include such acts as the Three Barretts, aerialists, Leo Rio, who performs 70 feet in the air and a host of circus clowns.

The Hamid-Morton show—which has recently been featured in two national magazines—will be making its second appearance in West Palm Beach under the auspices of the Shrine Club. Matinee and evening performances will be given during the two-day show.

Nazarene Church To Hold Revival February 1 To 12

A series of revival services will begin at the Nazarene Mission February 1 and continue through February 12, according to the church pastor, Rev. P. E. Pridgen.

The church has secured the services of Rev. and Mrs. C. P. Pridgen, Wilmore, Kentucky, to conduct the Revival.

Services will be held each evening at 7:30 at the Girl Scout Hut in Paradise Park. The public is invited.

HIGH SCHOOL BAND TO ATTEND GLADIOLA FETE

The Belle Glade High School Band will take part in the parade which opens the South Florida Gladioli Festival and Fair at Delray Beach February 20-25, Howard Payne, bandmaster, notified Dr. John Moore, parade chairman, this week.

Dr. Moore said that Pahokee, Lake Worth, Seacrest High school bands, the West Palm Beach junior high school combination band, the Abu Shrine drum and bugle corps of West Palm Beach and the Palm Beach County Twirling club have accepted the invitation of the Festival committee to appear in the parade Monday night, February 20.

Business men or organizations interested in entering floats in the parade are requested to contact Calvin W. Garner, chairman of the float division.

In addition to numerous special and commercial exhibits at the Fair and the extensive display of gladioli to be shown, many valuable prizes will be given away each night. These include a deep-freeze, an automatic washing machine, a sink, a garbage disposal and dishwasher combination, Samsonite luggage with $50 wortth of sport clothing and the grand award on the final night of the Fair, a travel trip for two persons with a cash award.

County Red Cross Re-Elect Halter Chairman For 1950

E. Tinsley Halter, president of the Island Landscape Company, was re-elected chairman of the Palm Beach County Chapter of the American Red Cross at the annual meeting of the board of directors yesterday at West Palm Beach.

The popular executive has been active member of the organization for several years, having served as it's chairman during 1948.

Other directors elected include, Belle Glade, Luther Jones, W. C. Young; and Pahokee, Rev. Ralph Todd and P. P. DeMoys.

City Accepts Rock Contract On 60-Day Trial

Commissioners OK Purchase Of New Chemical Mixers

Wednesday night's session of the City Commission was highlighted by a lengthy discussion over the price of rock being used by the City's street department. A new rock pit, located within a short distance of city limits and owned by N.N. Starling, who personally appeared before the commissioners, was the main issue of the meeting.

Mr. Starling submitted to the commissioners a flat rate price per cubic yard for rock used on the city's streets. This price was under that being paid at present for rock purchased from Delaney's pit which is located approximately four miles from the city.

Under Starling's proposal, the city would have to buy all its rock from him, and to sign a contract for a certain period of time with a set minimum to be purchased over a period of time.

After a long and friendly discussion, it was agreed that the city attorney draw up a tentative contract to purchase rock from the Starling pit for a period of 60 days at the price of 55 cents per cubic yard. At the expiration of this period the city has the right to reject, or accept, a long time contract at 50 cents per cubic yard, this price, if accepted, to be retroactive to January 16.

The contract will be submitted to the commissioners at their next regular meeting for a final vote.

Other business brought before the committee included a report that the cigarette tax money from the state had been received and deposited to the City's credit, and a resolution designating the Florida National Bank as the city's official depository.

The "Juke Box" license fee of $37.50 per annum, payable in advance, passed the second reading. This ordinance further provides for a one-half annual

South Bay Baptist Revival To Begin Sunday February 5

Announcement was made this week of revival plans of the South Bay Baptist church which will begin February 5 and continue through February 19.

According to the pastor, Rev. B. A. Onstad, the church has engaged the services of the famed Evangelist R. F. Halliford, Dothan, Alabama. He will be assisted by the well-known and popular "McKinley Musical Messengers."

Services will begin at 7:30 each evening with the musical program of The Messengers.

The public is invited to attend these services.

Musical Program To Be Presented Tuesday Nite

MARCH OF DIMES chairman, Ray Whitlock has arranged a musical entertainment for next Tuesday evening at 8 o'clock at the high school auditorium.

Mrs. Barney Collier, mother of a local victim of infantile paralysis, will be in charge of the program.

Appearing on the program are Mrs. J. A. Murphy, playing two piano solos; Jerry Berry and Patsy Chandler, Glenda Dell and Jeanie Crews, Jean Morris and Winifred Burry, presenting three piano duos; a piano solo by Glenda Dell and a solo by Mrs. Ingram. The High School Glee Club, under the direction of Miss Alma Murphy and the Band, directed by Mr. Howard Payne, will also be presented.

Proceeds from this musical will be donated to our MARCH OF DIMES.

New Business Guide To List C Of C Members

The Belle Glade Chamber of Commerce this week initiated it's first general drive for membership in preparation for the annual meeting which will be held on March 9, at which a classified business directory of all members will be distributed.

Anyone becoming a member of the organization prior to this meeting will be listed in the new directory, according to a report from the office of President Henry O. Earwood.

This campaign is directed to farmers, merchants, professional men and women and to all who have investments or live in the area.

Election of directors and naming of officers for the ensuing year will be taken care of with in the next 60 days, stated Mr. Earwood.

Membership dues for the year are $10.00 minimum.

"The work of your chamber will go on but its effectiveness will be determined by both the public's financial support and the interest taken in seeing that these funds are spent wisely," stated the president.

Laurence Shuler Prominent Local Negro Is Buried

Adding to the homefire teachings of early childhood in Orangeburg County, S. C., and a natural inclination for shrewd business, tireless energy and a cultivated pleasant, polite, but firm attitude, Laurence Shuler amassed a fortune as owner and operator of residential and business property in Belle Glade, since 1929.

Shuler died Sunday in the local hospital at the age of 74, and was buried in Evergreen Cemetery, West Palm Beach Thursday afternoon following widely attended services at the Mt. Zion A.M.E. church here.

Migrating to Suwanee County Florida at the age of 17, Shuler married Ada Cottrell in 1895 and moved on to South Alabama for a 26-year stay. In '24 he moved to Kelsey City, now Lake Park and lived until '29, when he ventured an investigation of the Glades with Belle Glade as a base.

In '31 he moved here and began operations of a small business attractive to his race. "A piece of land" and the weeks spare cash for lumber began the first real estate venture. Successive weeks, long hours, and attention to the business at hand found Shuler in the late forties owner of extensive rooming houses and store rooms in the heart of the negro section.

In November of '48 the press of South Florida noted the sale by Shuler of $300,000 worth of his properties to Miami interests.

Retaining a group of buildings and his home in a new section his time since has been devoted

Hospital Changes Visiting Hours Of Ward Patients

Due to the increase in visiting at Belle Glade Memorial Hospital, new visiting hours have been put into effect by the management, it was announced this week by Superintendent Ernest H. Fiedler.

Following is the new schedule: in wards, from 3 to 4 o'clock in the afternoon and from 7 to 8 p.m. in the evening. The same hours apply to visiting in semi-private wards.

Private ward patients may have visitors from 10 a.m. until 8:00 p.m.

Previously the visiting hours were 10 a.m. to 8 p.m. for all departments, but due to the growing number of visitors the above changes were made necessary, according to Mr. Fiedler.

Membership Increases Plus Added Sunday Schools Spur Movement

Visitors coming into Belle Glade for the 1950 season are impressed with the outstanding development in the city's spiritual life. Churches throughout the area are in the process of building or remodeling in order to serve better the increase in their respective memberships.

The new Sanctuary of the Community Methodist Church is now under construction at a cost estimated to be approximately $100,000. The church started their first building in the city in 1920 with a gift of $500 from the congregation at Daytona Beach.

Construction has just been completed on the St. Phillips Catholic church, with pews and altar ornaments now being installed. Date for formal dedication of the church will be a memorable occasion planned for sometime in February.

The Belle Glade Baptist church has expanded during the past few years in order to serve an ever increasing membership. They now have a plant valued at more than $100,000.

Another new church that is fast coming to the fore in the life of the community is the Church of The Nazarene. Established as a mission the latter part of 1948, this church has grown steadily and its membership is increasing.

The Belle Glade Church of Christ began it's work in the city in 1945 with a membership of 5. Today this church has approximately 45 members, and a series of Gospel Meetings are being planned for early Spring.

This church has recently completed the auditorium building and the plans for an educational unit have been completed.

The First Church of Christ, Scientist, located in Belle Glade, was the first of the Science churches to be established in the Glades. Today this church has three Registered Practioners, and is growing steadily in membership.

Another religious organization in Belle Glade is the Christian Laymen's Association.

Cub Scout Dinner Slated Saturday Night At Church

Plans have been completed for the Blue and Gold banquet, for Cub Scout leaders in the area, to be held at Congregational Church, Saturday evening at 6:30, following an afternoon of exhibitions of handicraft, games and Scout maneuvers.

Members have been urged by those in charge to have their exhibits ready to go on display at 1 p.m. The program will begin at 2 o'clock. Jesse Buky, with other Scout leaders will have charge of homemade games.

Dr. L. M. Weetman will be in charge of Questions and Answers for the Dad's Committeemen.

The mothers and Den Mothers will be entertained with a presentation of Den activities and records presented by Mrs. Donald Pickron. She will be assisted by Dr. Elizabeth Gregg and Mrs. Harry Bennett, who was a hit at the first Pow Wow held at the Catholic-School.

Tom Goddard, Florida's best known handicraft expert, will give the Den Mother's handicraft ideas to work with.

The banquet will be under the supervision of Bob Koch, Pack 2. It will feature decorations and Den activities, followed by sample ceremonies for achievements, new Cubs, graduation, and the presentation of certificates to all who attend.

Carl A. Widell, Cubbing chairman, urges all Packs to have at least two members in attendance at each of the training sessions.

During the session, a very interesting exhibition will be given in soap carving by Miss Teressa Venable, P. B. Junior College student.

The city of Memphis, Tennessee, was chosen from among 3,762 American and Canadian cities, fire departments and military establishments as winner of the 1949 National Fire Prevention Week contest sponsored by the National Board of Fire Underwriters and the National Fire Protection Association. Second and third places among U. S. cities went to Atlantic, Iowa, and Fort Collins, Colorado. An international committee of judges based its decision on the scrap books, clippings, photographs, records and motion picture evidence of activities during the week.

The communities which won have cause for great and enduring pride. So have those which also competed but did not win. They can try again and do better. Here is one contest in which every city and town should participate.

A short time ago, the nation witnessed another horrible fire. The hospital disaster at Davenport, Iowa took the lives of 40 mentally-deranged women despite the heroic work by the firemen and others. The cause of this fire may never be known, but the building became an inferno with incredible rapidity. One good can come out of this ghastly tragedy—it should cause those in charge of all hospitals, public and private, to take full advantage of the campaign recently initiated by the National Board of Fire Underwriters to inspect the nation's hospitals and to show how fire hazards may be eliminated. The inspections are being made by qualified experts, and have nothing to do with commercial aspects of insurance.

One more fire has struck, killing the helpless. How many more object lessons are needed to get the fullest public cooperation for fire protection.

In a check made this week by THE HERALD with Ernest Fiedler, superintendent of The Belle Glade Memorial Hospital it was revealed that the local institution has recently completed a "fire-training" program for the nurses and aides. Fire drills have been staged, and complete instructions on how to evacuate patients in case of fire have been taught.

The fire extinguishers are checked regularly, and the hospital has now on order a new type hose nozzle that will be installed in the near future.

In case a fire should break out in the institution, all patients can be removed without the use of stretchers, as all beds can be rolled out of the building without having to be carried over steps.

SCHOOL NEWS OF EVERGLADES VOCATIONAL HIGH

News of The P.T.A.

The last two meetings of the P.T.A. of Everglades Vocational High were held January 5 and 19, 1950 at 8:30 p.m. in room 2 of the main school building. The first meeting was conducted by Mrs. Alexander, Vice-President, following the devotional exercises. Mr. King made a few remarks concerning the opening of the basketball season, the purpose of which was to raise funds to pay for the new basketball uniforms. New business concerned the nomination of co-chairmen for each department of the school. The nominations were as follows:

Primary Department, Co-Chairman, Mrs. Weaver; Intermediate Department, Co-Chairman, Mrs. Coleman; Junior Department, Co-Chairman, Mrs. Childs; Senior Department, Co-Chairman, Mr. Holliday.

A few remarks were made by Mr. Sayles, the principal, after which new members were introduced. Then the meeting was adjourned.

The second meeting of the new year was held January 19, 1950 in room 2. After the devotional exercises, Mrs. Morgan, the president, presided. The discussion concerned projects on which to work. These were: (1) The buying of play equipment for the elementary children and, (2) The raising of funds to pay for band instruments. A letter was read from the district president of the P.T.A., Mrs. Chas. L. Williams. This concerned the state meeting which is to be held February 16, 17, and 18 at the Florida A. and M. College. Plans were made to send a scrapbook by the representative of the P.T.A. to the meeting. A committee was organized for the purpose of compiling this book.

Chairman, Mrs. A. M. Galloway; Co-Chairman, Mrs. S. H. Jemmott; Miss Keys; Miss Saunders, Mr. Holliday.

After the new members were introduced, new membership cards were distributed to all members, after which the meeting was adjourned.

The grade having the highest number of parents shall be given an entertainment by the school, so all parents are asked to attend as many meetings as possible. Our meetings are held the first and third Thursday of each month. Patrons and friends are cordially invited to attend. The next meeting convenes Thursday, February 2, 1950 in room 2 of the main school building of Everglades Vocational High School.

By Jamesena Poole

The Eighth Grade, the most talented class on the campus, was in charge of Chapel Monday. The devotional exercises were conducted by Freddie Johnson. The class presented a talent program. There was Freddie Johnson, Eugene Keith, Willie Pyform, and Earl Brown impersonating the famous Mills Brothers and Mae Frances Kerr as Ivory Joe Hunter. Lustine Spoon, Gennie Wells, Cassie Lindsey, and Robert Tucker were the stars of "The Beaulah Show." Other impersonators were: Ernest O'Neil as Billy Eckstine, Willie Pyform and Arthur Lee Williams as Jackie Robinson and Sachel Paige, Bette White as Toni Harper, Gennie Wells, Dorothy Singleton, and Mary Thompson as "The Oriols." Bill Jones as Joe Louis, Earl Brown as Bing Crosby, Isaac Pierce as Amos and Andy, Evelyn Davis as Sugar Chile Robinson, Dora Priester as Rosetta Thorpe, Janie Frazier as Hazel Scott, Lolstine Spoon as Mrs. Bethune, and Gennie Wells as Marion Anderson.

Visiting as were: Mrs. A. Z. Morgan, Mr. Singleton, Mrs. M. M. Hamilton, and Mrs. E. Anderson.

On Wednesday, January 18, the senior boys and girls basketball teams played hosts and hostess to the "Whitzx Kids" from West Palm Beach. The girls succeeded in defeating Industrial by a score of 17-31, after being paced by their star player, Daisey Belle Williams, who scored the highest number of points. The boys lost by a score of 49-29.

On Friday, January 20, Dorsey of Miami defeated the Bobcats' Junior and Senior boys teams.

The Bobcats will travel to Ft. Pierce tonight to try for another win.

BEAN CITY NEWS

Mattie Jean Youngblood, Reporter

Services were greatly enjoyed at Union Baptist Church, Rev. Kenny, Pastor. The day began as usual with Sunday School. The Sixth Grade pupils of the Bean City School are doing an excellent job in helping with Sunday school. The morning services were highly spiritual. Rev. Kenny preached the gospel of truth and did not our souls burn within us. The afternoon services were in charge of Junior and Senior Home Mission of which Mrs. Ora D. Lee is president. There were two visiting quartets to supplement the school chorus. Mrs. Theresa Clark was mistress of ceremonies but was called away in the midst of the program because of an accident which occurred to members of her family. Mrs. Lee carried the program out for her. A collection was taken and turned over to pastor Kenny for the Association. The Junior Home Mission will meet on Tuesday at Mrs. Lee's home and the Senior Mission at Church on Wednesday night. The usher Board of Union Baptist Church are to be complimented for the wonderful services they are rendering and for the beautiful badges and blue and white trimmed uniforms. Come over into Massadonia and help us. The harvest is great but the laborers are few. God needs some of your time. Will you come join us at Union Baptist Church, the headquarters of the Holy Ghost says the late Rev. Bailey.

Bean City School is cooperating with the Community in the "March of Dimes."

This week we are observing "Sight Conservation Week." On Friday a program was rendered and a special talk on Nutrition for Better Sight and "Why We Need to Preserve Our Sight" were given by Mrs. Theresa Clark and our principal Mrs. O. B. Lee. Posters were used to demonstrate each and the children approved by loudly applauding the speakers. Our next program is Negro History Week beginning February 12, 1950, when a play will be presented at school for benefit of the community. Let us study and learn more about the achievements of our race. They have been loyal to the government; not a traitor yet; loyal to Country and community.

Mrs. Loraine Albury, Social Life and Community worker, of Nassau City and Mrs Sale Eve, Ritz Theatre Telled, were visitors at home of Mrs. Ora D. Lee on Wednesday. They enjoyed the visit to the "Glades" much and hope to return soon. Mrs. Lee made their visit pleasant.

A King and Queen Are Chosen At South Bay Elementary

Caroline Howard of the third grade was crowned Queen of South Bay Elementary School and Willie Davis was crowned King after four weeks of campaigning in an impressive ceremony on January 16, 1950 at South Bay Elementary School. The parents of the King and Queen were present. The winning contestants were sponsored by Mrs. D. W. McCurdy teacher of the third and fourth grades.

The March of Dimes Progresses

The March of Dimes is progressing at a satisfactory rate. It is the hope of our faculty that the interest shown by the student body be sustained and that the subsequent reports show as much progress as they have in the initial stages of the soliciting.

The following named students have filled their March of Dimes cards through solicited contributions received from the public: Nathaniel Robinson, Annie Mae Williams, Emma Jane Seymore, Eugene Harrison, Edith Seymore, James Albert Porter, Bertha Mae Clyde, Katie Lee Dunnings and Charlene Dotson.

School Safety Patrol Organized

As a result of feeling the need for more protection and chances for student participation in Democratic action a Safety Patrol was organized at South Bay Elementary School.

The following pupils were chosen to represent their school and to help protect the welfare of the children of the school: Morgan King, Captain; Ervin Sears, Lieutenant; Eugene Harrison, Sergeant; Bertha Clyde, Emma Lee Wimberly, Pate Williams, Mary Lampkin, Harold Savall, Caroline Howard, Willene Burnam, James Steve Collier and Alphonso Clyde.

The Parent Of The Month

Mrs. Lillian Seymore of South Bay has been chosen as parent of the month because we feel that we do her an injustice if we did not choose her. No matter how trying a task is, she is at all times ready and willing to do her part. She never seems tired or discouraged. Not only does she cooperate with the school activities, but she is a very active member in the community. She's never too tired to visit the sick or say a prayer for those who feel that her prayers can and will help. Sometimes, we find people who make a big start, but soon fall by the wayside, but her kindness and good deeds are perpetual.

No matter what plans are stipulated in the school or community, her cooperation is always contemplated, and we know that our school or community would not be the same without her. And we do not overrate her when we say that to the school and community, she is indeed indispensable.

School Observes Arbor Day

On last Friday, January 20, Lake Shore Elementary School presented a program and tree-planting ceremonies in observance of Arbor Day. After the opening selection by the audience, the Reverend H. C. Capehart, Pastor Mt. Zion A.M.E. Church, read the Scripture and offered prayer. Two beautiful songs, "Londonberry Air" and "Trees," were sung by the Girls Ensemble, under the direction of Miss C. L. Palms. James Jasper of the sixth grade recited the poem, "What Do We Plant?"

The main address was delivered by Mr. J. J. Holliday, Instructor of Vocational Agriculture at the Vocational High School. Mr. Holliday related the origin and history of Arbor Day, and spoke briefly on the many values derived from trees in our everyday lives.

Immediately following the program, each class, under the supervision of its teacher and the direction of Mr. Holliday, planted a tree to be known as that particular class' tree.

Parents Contribute Produce To Lunchroom

Mrs. Hannah Lott and Mrs. Annie Felton are two parents who have recently contributed fresh produce to the school's lunchroom. The school takes this means to again thank these parents for their splendid contributions and to urge other parents to take a more active interest in the lunch program here. The school wishes also to thank the farmers in this area who have contributed to the lunchroom through our P.T.A. President, E. M. Taylor.

From where I sit ... by Joe Marsh

Give Us Back Our Sidewalks, Slim!

I wrote that over an article in the *Clarion* last week, but I didn't like doing it. After all, the man it was aimed at—Slim Henderson—is a good friend of mine.

Slim went into quite a windfall last week, and bought the old Clarke place. The deed gave him title to all the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim came around and wants to know what I mean—getting folks riled against him. I felt sorry myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd cooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalks should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!

CMC MEN'S CLASS GUESTS AT POTLUCK

The Men's Class of the Community Methodist Church was treated to a potluck supper by the Bethany Class of that Church last Friday night. About 70 people came to the affair, which was held in the church building.

In charge of the arrangements were the Mesdames Farnall, Gamble and DeHaven. The social hour began with the singing of the doxology, and a prayer of thanks. Following this, everyone served himself from the long line of delectable home-cooked foods displayed on the tables.

After the supper, a devotional was held, led by Mrs. Jack Royals. Mr. Ralph Kidder then offered a prayer, and the recreation director, Mrs. Ralph Freeman, asked Rev. Vanderwater to take charge of a game of progressive cootie. The game was exciting and fast, and all who took part enjoyed it. Mrs. Ruth Wedgworth won the ladies' game, and Mrs. Charles Maynard came out on the short end. High player for the men was Jack Royals, and "bobble" was Dick LeFils.

The Florida Forest Service now has a management assistant to coordinate forestry assistance given to woodland owners by county and farm foresters.

You can help prevent woods fires by just being careful with fire.

NEWS VIEWS

By E. D. & DOUG

When the time comes for Uncle Sam to say, "Put a little something in the pot, boy," he means put it in. That's why more auditors are going to be used to check more income tax returns this year. While most income tax mistakes are accidental, Uncle Sam's "Ole Ben" says one out of every three returns examined last year still owed some folding money to Uncle Sugar. This year the internal revenue bloodhounds are going to watch things even closer. They expect us to take all legal deductions and exemptions—but they don't expect us to add lib. It's worth remembering.

Ad libbing is something we never find time for around here at Glades Drug Store. Our medicines, our prescriptions and fountain services, and all our long list of sundries are "above par." Were this not true, then how might one explain the steady return of old customers, along with the increasing number of new ones?

By the way, while we're talking about "us", have you ladies been in to see the most recent arrivals in our perfume department? For, keeping pace with THE TIME, word is spread with lightning speed that Glades Drug Store is a specialty of its San Antonio a watching disappeared while a house was being robbed, then came back and hit the investigating policeman. And you think you're confused. Don't be confused when it comes to getting expert prescription service. That's a specialty at GLADES DRUG STORE. Prices are low, quality is high and prices are low. Drop in anytime. We're always glad to see you.

Churches of Christ, Scientist

"SPIRIT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, February 5.

The Golden Text is: "Where the Spirit of the Lord is, there is liberty" (II. Cor. 3:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage. . . If we live in the Spirit, let us also walk in the Spirit" (Gal. 5: 1, 25).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The only excuse for entertaining human opinions and rejecting the Science of being is our mortal ignorance of Spirit,—ignorance which yields only to the understanding of divine Science, the understanding by which we enter into the kingdom of Truth on earth and learn that Spirit is infinite and supreme Spirit and matter no more commingle than light and darkness" (Pp. 30-31).

"It's a pleasure to pay"

"I am greatly pleased with the manner in which you and your company handled my loss," states a satisfied policyholder.

When a loss occurs, it gives us pleasure to have the opportunity to demonstrate our ability as insurance counselors.

If people realized that the value of insurance depends upon the selection of the proper coverages and the company in which the policies are written . . . they would only choose a competent agent in their own community to handle their insurance affairs.

Remember that you have altogether too much at stake to buy any but the best insurance you can get, through a local agent who will always be at hand to advise and help you in case of loss.

Walter B. Currie Guest Speaker At Lion Luncheon

The local Lion's Club, at their weekly meeting Wednesday in the American Legion home, had as guest speaker, Walter B. (Scottie) Currie, special representative of Lions International.

In an inspiring address, Mr. Currie stressed the importance of Americanism in the home, the business life and especially in the civic clubs.

Several guests were introduced and a special group from South Bay were guests. The Lions organized a unit in that city this week, and will begin regular meetings next week.

Following the luncheon, tickets for the circus, scheduled to show under the Lions' sponsorship February 2, were distributed to members for sale.

Several from the local club are expected to attend a Lion Social in Clewiston tonight.

Vegetable Market Continues Weak

The market on practically all vegetables moving from the Lake Okeechobee section continues to be rather weak and draggy, and while the rail movement during the past week was fair and the movement so far for the month of January is ahead of last January, movement would have been much heavier with a little stronger market, particularly on cabbage and escarole. Beans are getting back into the picture with 33 rail cars out this week, but it will be a few more weeks before the volume will get heavy. Total rail movement for the season comes to 1,461 cars as against 1771 cars at this time last season, with all commodities in line with movement of last season, with the exception of beans, which accounts for all the deficit.

voted to restricted activities because of operations in recent months by failing health.

Besides being one of the largest realty tax payers in the City this man's reputation among his own race, public officials, business organizations in the community and many friends has left a permanent impression to be desired by many.

Shuler's relations with his fellow man, white and colored, as landlord, business associate or acquaintance, community citizen and man, leaves him high in the esteem of those who knew him. He has added materially in pointing the way in the much discussed and little understood race relations question.

His immediate family consist of a married daughter, Arlene Miller, three grandchildren, four great grrandchildren, and the widow, Ada.

LOCAL HOSPITAL

Continued from Page 1

Corporation, the Florida Blue Cross Plan in Jacksonville. The hospital joins with 106 other hospitals throughout the state having the approval of the American Medical Association in the Blue Cross movement.

Hospital care has improved vastly in recent years. New inventions, techniques, and drugs, plus the increased skill of physicians and surgeons, have made many diseases less dangerous to mankind. This has added vastly to the expense of hospital care. Further, hospital costs have risen sharply in the last few years. This is not at all unusual since wages, cost of food, cost of drugs and medicines cost of services and all the other costs with which hospitals are faced today have risen sharply, not only in the Belle Glade area, but all over the country. Since hospital bills have to be paid promptly, the problem which confronts the people when serious illness comes is a difficult one.

The Blue Cross plans, of which there are 91 in operation through the United States, Canada and Puerto Rico, have a membership of over 35,000,000 people. The Florida plan, has a membership today of 230,648 and the companion plan, the Blue Shield plan, offered the public by the doctors of Florida, has a membership of 150,502.

All Blue Cross Plans must conform to regulation set out by the Plan Commission in Chicago. This is an organization formed and operated by the American Hospital Association. No Blue Cross Plan can be approved unless it is non-profit. That the Florida plan meets all requirements is evidenced by the fact that it bears the seal of approval of the American Hospital Association and has the right to use the term Blue Cross.

The officers and directors of the Florida Plan serve without compensation. Their work is in the interest of the health welfare of the people of this state.

Blue Cross aids its subscribers in paying for hospital care. By eliminating financial worry, it helps speed recovery.

Since Blue Cross is available to employed people, the employer doesn't have to pass the hat or make a contribution after an employee falls ill; his employees have peace of mind and freedom from worry—a valuable asset.

director of the organization, in an announcement to his membership. "We are convinced that such improvement will be to the advantage of both the State and the retail industry," he said.

Contacts with merchants throughout the State and experience gained since the sales tax became effective led to the Association's conclusions. "In the same spirit of cooperation he has shown in the past, Comptroller Clarence M. Gay has arranged to confer with F.S.R.A. on sales tax problems that have developed since our very successful sales tax conference with him last October," Hostetler announced.

COMMUNITY CHURCH

Continued from Page 1

Composed of a group of citizens from various churches, these men meet each morning except Sunday at the home of one of the members. This organization has expanded until now there are three groups in the city, meeting in three different homes each morning. Two meet at 6 a.m., and one at 6:30 a.m.

These early morning meetings are held prior to starting the day's activities and the program consists of prayer, meditation and fellowship. Coffee is served.

Starting early in December of last year, the organization has grown from a party of three men and has grown to a group of approximately 23 regular attendants.

The roster now include the following citizens: Tom Watson, Jr., Carl Cone, Harry Doggett, Sr., Harry Doggett, Jr., Baden May, George Dupere, Tom Forsee, Tommy Harker, Charles Foshee, Bob Lanier, Ed Thompson, Donald Weeks, Mills Byron, Vernon Jones, Doyle Smith, Carl Campbell, Bill Thiebaud, Milton Burry, "Spotty" Burr, Ralph Kidder, George Royal, Mike Murphy, Sr., and W. L. Cunningham. Also attending at intervals are ministers of the city.

In South Bay the Baptist Church now has more than 200 resident members with a revival scheduled to begin February 5.

The Church of Latter Day Saints have an established church in the community with regularly scheduled meetings.

The Belle Glade Presbyterian Church is building a new edifice and has built during the past year a pastor's home and they at present are using the old Everglades Theatre Building on Main Street.

Two other churches in Belle Glade are growing in membership, the Church of God, under the pastorship of Rev. Brickley and the Assembly of God, under the leadership of Rev. Paul Beaulgman.

In Lake Harbor the Baptist and Methodist Churches report increases in membership and the Methodists have built a new Parsonage during the last two years.

Sunday School attendance has been on the upgrade in all the churches according to reports from the different groups. Some attendance records show increases as high as 65 percent over the same date in 1949.

During the next three weeks several churches are planning evangelistic campaigns and youth membership movements which will further tend to create more interest in the community's church life.

Churches, schools, homes and other cultural facilities are contributing to make Belle Glade a well-rounded community. All these things combine with the fervor of its citizens to make the city the seat of a new spirit in Southern Florida.

Youthful, vigorous, the Glades agricultural empire sends out a challenge to those who seek a new experience in living—good living in Florida's fastest growing city.

levy after July 1 each year.

A number of pictures were submitted to the commissioners showing the unkempt, unsanitary and filthy condition of the housing area on "West Lake Road, just beyond the railroad trestle. This area is being used by migrant workers in the territory and it was asked by the City Inspector that these be condemned and torn down.

After some discussion it was agreed that a garbage collection for the Osceola area be included in the city's regular collection of refuse.

The Water Department audit was approved by the Commission, and it was voted to authorize the department to purchase new 2-inch and 6-inch pipe.

Two new chemical water mixers for the city at a cost of $1322.00 from a Rhode Island concern were ok'ed by the board.

A fair, to be staged by the VFW and American Legion, scheduled for the latter part of March or the first of April was discussed and the city's official sanction was upheld pending further consideration.

One beer and wine license was approved and a building extension for the Bridge Cafe was considered during the evening.

The concrete piling ordinance for all new buildings passed the second reading, and the fire reading. A re-zoning ordinance for the erection of a new Masonic Hall passed first reading.

The vice-chairman said he hopes to have the work started from Okeelanta east to Six Mile Bridge, with the two miles of damaged road repaired at the same time.

According to Bardin, $69,000 would be available for the proposed project, this year.

The board was advised that the State Road Department has advertised for bids to be received January 31 at Tallahassee for the reconstruction of 5.02 miles from Loxahatchee to 20 Mile Bend. $310,000 has been budgeted during the past year for this construction, according to the vice-chairman. The section is part of State Road 80.

During the meeting a letter from the Belle Glade Chamber of Commerce, in which Lake Harbor Civic Club joined, was presented the Commission recommending maximum farm-to-market road funds.

EXALTED RULERS

from his Lodge.

Past Exalted Ruler O'Connell rose to the occasion of his honored position as "father" of the local Club with a learned talk on the Order's aims and accomplishments with compliments to the local lodge on its increase in membership and its sustained interest and activity.

Approximately 100 Elks enjoyed a fish fry prepared by Bob Creech and Judge Tedder under the watchful eye of Johnny Tabit and Gator Tillery. "Georgia Icecream," hush puppies, slaw, coffee and doughnuts were plentiful and enjoyed by the members.

As has been many times, visitors compliment the Belle Glade Lodge on its attendance and on its participation in the objectives of the Order—charity, both locally and statewide, as well as with national efforts.

From a beginning of some seventy odd members, the Lodge has grown to close to four times its birthday size.

A visitor from the Ft. Pierce Lodge, Mr. Stoneburg, renewed acquaintances of previous visits to the community.

School News

By Deetee Mathewson

The seniors turned out early, 6:30, Friday morning—the reason was skip day! When everyone congregated at the Belle Glade's Paradise Park we piled into cars and headed for Jupiter. However, we didn't travel the same route the majority of people do to reach our destination. Instead we turned off at the Indian Town Junction and rode over the dusty short-cut discovered by three of our energetic senior boys, Bill Bailey, Hoell Prier, and Jimmie Herring, who found this time-saver on a previous trip to Jupiter to make arrangements for skip day.

We arrived at our destination to find that one car of intelligent seniors took the wrong road and had not arrived. When these four, Kaye Lutz, Bob Campton, Charles Miller, and Jackie Berry, drove up they reported that they not only had taken the wrong road, but in their rush through Stuart they got pulled and warned to slow down.

At Jupiter we boarded three yachts for our ten mile cruise down the Loxahatchee River. The draw bridge and railroad opened up to allow our yachts to pass through. Quite exciting because the cruise was a new experience to the majority. Jungle scenery bordered the shore line adding to the wonder of the trip. Fish jumped in the water; two huge alligators walked slowly into the water, and rare birds chirped from the treetops.

After two hours, we reached our final destination, the camp of "Hunter" Nelson. His camp was unique in every detail. There were several small cabins, a little zoo housing all types of snakes, racoons, wildcats, and every size of alligators from the new-born to the full-sized adult. Bamboo roofs covered picnic tables and hammocks, and row boats were on hand for cruises.

Swimming was enjoyed by the group. Charles Miller broke the diving board as he started into a fancy dive and Beverly Greer created quite a sensation in her life preserver.

Food was served buffet style. There were twenty chickens, potato salad, sandwiches, pickles, potato chips, cookies, cakes, and every kind of cold drinks. Everyone enjoyed seconds!

While some loafed following the meal, others paddled down the river in the row boats and some of the more daring characters returned to the water for more swimming.

Before anyone could realize it, 'twas time to board the yachts again. When we reached Jupiter the party split up. Several cars returned to Belle Glade so that the star senior basketball players, cheerleaders, and fans could be on hand for the game with Ft. Pierce. Other cars journeyed to West Palm Beach to attend the various movies. One daring carload stopped off at Palm Beach to enjoy the movie at the Colony Theatre clad in their sunburn and dungrees.

'Twas a wonderful day and special compliments go to our chaperones, Mrs. Herring, Mrs. Berry, Mrs. Lutz, Mrs. Kent, Miss Diggs, and Miss Ledbetter. They were all such good sports and helped make the day more enjoyable.

If anyone needs verification of this wonderful day, take a look at the pictures being shown during the various classes. Better still notice the activity of the seniors as we scratch those bites, itch, red-bugs or what have you. It was well worth it!

Magazine Drive Completed

The junior class reported a profit of $149—from selling subscriptions. Along with their proceeds from the school paper, and selling drinks at games sounds as if they will be financially able to sponsor an excellent prom, doesn't it?

F.H.A. Members To Attend State Fair

At a special meeting of the F.H.A. June Ratley was elected by the unanimous vote of the girls to accompany the president, Jo Anne Kent, and honorary vice-president, Catherine Friedheim, to the state Fair as guests of the Tampa Electric Company. These three girls will represent the Belle Glade chapter of F.H.A. when they act as hostesses for the company. They will reside at McDill Field with the hostesses from other schools. The official F.H.A. uniform consisting of a white skirt, and a white sweater with the F.H.A. emblem will be worn by the girls.

Approximately fifteen other F.H.A. members will attend the fair. Plans have been made to leave Belle Glade on the school bus Friday morning, Feb. 3, at 9 a.m. Reservations have been secured at the Floridian Hotel. Mrs. Cherry, Mrs. Litchfield, and Mr. and Mrs. Knox will act as chaperones for the group.

Volley Ball

The Los Sabe la Todas and the Tarrentellas met on the volley ball court Tuesday during sixth period to play the final game of the volley ball tournament. Student fans surrounded the court to watch their favorite fight for the victory.

During the first half the Tarrentellas took the lead. This only seemed to strengthen the determination of the L.S.T. for in the second half they caught up and forged ahead for a final score of 15-11.

Annual Staff

Work is rolling forth due to the midnight oil that has been burning. The annual staff even gave up the marionette show Thursday in order to work on the annual. It was time well spent from the looks of the results. Some good pictures of the senior sneak will be viewed by all when that year book comes out next spring. Look for them!

Turkey Dinner

The band and band parents are sponsoring a turkey dinner at the school cafeteria Friday evening. Proceeds will help to finance the band trips. The dinner is just $1.00 so come out for some turkey.

Cinematic Chatter

This is one for the books! And, again, This is one of the most hilarious comedies we have seen screened here in some time. This is Bob Hope, with beautiful Rhonda Fleming as his leading lady, in "THE GREAT LOVER!" Brothers and Sisters you've never seen such a passionate lover that "lover boy Hope" turns out to be in this comedy. Even Crosby admits Hope is "hopeful", but even an injection of "hep-pep" couldn't make Hope any cooler than he is to the cuddling of Rhonda.

Heading the large featured player list is Roland Young, Richard Lyon and Gary Gray. All of them, taking advantage of the possibilities in this story have given that expert support that puts a comedian over "the footlights."

All I can say to you is, this is a picture you will enjoy to the utmost. It is a new wrinkle in Hope comedies, with Bob dishing out the Hope wisecracks plenty fast.

See you at the movies—Mal.

It's the other fellow's Telephone...

that makes yours so Valuable!

If your telephone were the only one in town, it wouldn't be worth very much to you. It's the people you can call and the people who can call you that makes telephone service mean so much.

The value of your telephone increases as more new telephones are installed. Today there are more than twice as many telephones in service as there were before the war and new ones continue to go in at a record rate. Probably some of your friends or relatives are among these thousands upon thousands of new subscribers. Yes, it's the other fellow's telephone that helps to make yours so valuable.

When you consider how much it does for you at the price you pay, telephone service stands out as one of today's real bargains.

We take the Woes and Worries out of Weather

ONE of the grandest things about your Buick is the way you can ignore the season—chew your way through gravel and dust alike, splash through the wet stretches, snug and secure even on slippery pavements.

But bear this one thought in mind...

Rough road conditions call for special attention to your lubricants. Tires should be checked for correct inflation—for deep, clean tread that bites on a slick surface. Brakes won't stop you with a sure and gentle touch if the master cylinder needs more fluid, or if an air-bubble has worked itself into the line. These things, *and more*, should be checked to keep your Buick at its best.

If that sounds like more than one thought to bear in mind—just drive into our shop and tell the man, "*LUBRICARE*, please."

Our winter Lubricare treatment covers all these points—with specially trained mechanics following factory specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is surprisingly low. The peace of mind is priceless.

Harbor Civic Club Protest Allocation Of Tax Monies

The Lake Harbor Civic Club took action last week to protest the allocation of road funds in the manner they had been set up by the State Road Department. They claimed it is not a fair distribution of funds according to the need. The club contended that out of $336,000 available, $69,400 had been set up for the Cardwell-Air Port Road which was a non-essential road in their estimation and that the allocation should be for more essential road building.

To that end, they sent an air mail letter to the State Road Department timed to reach Tallahassee in time for the hearing of the Palm Beach County Commission on January 19 and asked that an investigation be made and a redistribution of the 7 percent gasoline tax and federal taxes be made to take care of the most essential road building in Palm Beach County, leaving other roads to be improved later.

Latter Day Saints Sponsor Green Gold Ball Saturday Night

The Green Gold Ball, sponsored by the Mutual Improvement Association of the Church of Latter Day Saints was held Saturday night at the Woman's Club on Biscayne Drive, Miami.

This was followed on Sunday by a conference of the South Florida District, President Albert Choals of Atlanta presiding.

The new district president, Kenneth Willardson, supervisor of elders, San Diego, California, and Elder Andrew Caras and Elder Mark Lindsay of Blackfoot, Idaho visited Mormons in this vicinity last week and then spent several days in Ft. Myers, returning to Miami for the Sunday Conference.

Harvey Wiggins of Belle Glade and C. W. Byrd of Clewiston attended the conference from the Glades L.D.S. Church.

Eppley Sisters Slated For Appearance At Lake Harbor

The Eppley Sisters Gospel Quintette of Manchester, Pa., will put on a program at the school auditorium in Lake Harbor on Thursday, Feb. 2 at 8 o'clock in the evening under the sponsorship of the Community Methodist Church according to the announcement of Rev. James H. Whitfield, pastor.

The five sisters render a deeply spiritual program featuring vocal quintettes, soprano and alto solos, artistic piano playing and numbers on the vibra-harp, violin, electric Hawaiian guitar, saxophone, accordians and cathedral chimes.

A program that is unique and different and rated one of the best programs of its kind in the country, is slated for one night only. There will be no admission fee; but a free will offering will be taken at the close of the program. The musicians have appeared in churches of 38 different denominations in the past 7 years and many radio stations in the U. S. and Canada.

They are college graduates of various schools in Illinois and Pennsylvania and are now special vocal students at Messiah Bible College, Grantham, Pa.

The public is cordially invited to attend.

South Bay Town Council Contracts For New Lights

The South Bay town council at their last regular meeting contracted with the Florida Power & Light Company for the installation of 16 new street lights by extending the existing lines in two directions.

Nine new lights will be put in at 300 feet intervals on Palm Beach Road extending from the Three Way Filling Station to the Packing House district and beyond to the J. C. Summerlin drive-way. These lights will do much to reduce the hazard of pedestrians who use the highway in going to and from the industrial district and the Summerlin subdivision.

One new light will be placed at the intersection of Palm Beach Road, N. W. and S. W. 2nd Ave and the County Road to light the postoffice corner in the main business district.

Six lights will be strung from the locks south along S. W. Canal Street at 300 feet intervals to light the streets on both sides of the North New River Canal.

South Bay Receives Tax Money From State

The Town of South Bay last week received the state warrant from the State Comptroller for the town's share of the cigaret excise tax monies collected within the town limits. The check amounted to $1288.03.

VARIOUS JOBS LOOKING FOR QUALIFIED VETERANS

Being physically handicapped need not bother veterans looking for advertising sales jobs. The Florida State Employment Service has openings for six veterans, three male and three female, capable of doing this type work. All the employer requires is that the person be able to meet the public and solicit advertising for a paper published for a large organization.

Other jobs which the Employment Service has not been able to fill include a window trimmer to build displays and do show card work, and one for a catering club manager.

And those who really want to get in the "dough" may be interested in a permanent job as a bread dough mixer or a dividing machine-operator in a bakery. Both jobs require experience.

Also listed is an opening for a hospital superintendent who will be required to supervise the activities of personnel in a 30-35 bed hospital. The applicant must have from 3-5 years experience.

In the central part of the state the Employment Service is on the lookout for a safety engineer who has had at least two years of college and one years experience in this type of work. This job also requires experience or training as an industrial nurse.

Rounding out the special job opportunities in the state is the opening for a lithographic press man who must be well qualified to work on a Webendorfer offset press.

Belle Glade Bakery

Belle Glade Bakery, located on Avenue "A," has been in operation since last August 16, but during that short span of time, it has already become a byword for household economy and flavorful bakery delight. Owned and operated by Mr. and Mrs. Charles X. Henry, this bakery is patronized by the most fastidious for all kinds of breads, including pumpernickle, and salt-rising; Danish and French pastries; a full line of pastries and cakes for all occasions. They take special orders for wedding cakes.

The Henrys endeavor to make their baked products matchless as table-worthy, flavorful, fine-tasting treats, of such consistent goodness that once tasted, they are never wasted.

When planning you party menus, remember Belle Glade Bakery for anything in breads, cakes and pastries, and relieve yourself of extra work and baking worry, and really enjoy yourself with your family and guests.
